40	Pantoprazole	PPI	102625-70-7	☑
41	Rosuvastatin	Cardio	147098-20-2	☑
42	Terbinafine	Antifungal	91161-71-6	☑

## YOUR TRUSTED PARTNER FOR EXCLUSIVE CONTRACT MANUFACTURING & CONTRACT RESEARCH- (CRO & CDMO)

WHY PARTNER WITH US?

### Advanced Contract Research Facility

- Backed by a highly experienced team of scientists.
- Strong R&D capabilities for APIs and intermediates.
- Rapid development, optimization, and scale-up support.

### Exclusive Contract Manufacturing

- Dedicated facilities for APIs & intermediates.
- High-quality, cost-efficient, and compliant production.
- Flexible batch sizes to meet global requirements

### Ready-to-Transfer API Technologies

- Extensive portfolio of developed and validated technologies.
- Faster commercialization with reduced development timelines.
- Opportunity to collaborate for exclusive or semi-exclusive production.

### OUR STRENGTHS

- \* State-of-the-art manufacturing infrastructure.
- \* Strong regulatory compliance (GMP, DMF support available).
- \* Transparent communication and reliable delivery timelines.
- \* Competitive pricing without compromising quality.

### LET'S COLLABORATE

Unlock the potential of exclusive and high-quality API manufacturing.
