ABOUT SKANTTR LIFESCIENCE LLP

Skanttr Lifescience LLP is a WHO-GMP pharmaceutical manufacturer specializing in Ready-to-Fill Pellets, Granules, and Modified Release Drug Delivery Systems. We provide comprehensive Contract Development and Manufacturing (CDMO) solutions to pharmaceutical companies worldwide. Our expertise spans product development, process optimization, technology transfer, scale-up, validation, and commercial manufacturing, ensuring high-quality pharmaceutical products that meet international quality standards.

WHO-GMP Manufacturing

Modern manufacturing facility equipped with advanced pharmaceutical technology for Immediate Release, Delayed Release, Extended Release, MUPS and Granules.

Research & Development

Dedicated formulation development team focused on innovative drug delivery systems, product optimization and customized pellet development.

Regulatory Support

Complete documentation support including product dossiers, technical documents, quality compliance and customer support.

Global Supply

Reliable manufacturing partner serving pharmaceutical companies across multiple international markets with consistent product quality.

OUR SERVICES

PRODUCT PORTFOLIO

Ready-to-Fill Pellets for Immediate & Delayed Release Drug Delivery Systems.

Immediate Release (IR)

- Itraconazole Pellets 20%, 22%, 40%, 44%
- Doxycycline Hyclate Pellets
- Dabigatran Etexilate Mesylate Pellets
- Fenofibrate IR Pellets
- Tadalafil IR Pellets
- Dutasteride IR Pellets
- Orlistat Pellets
- Clopidogrel Immediate Release Pellets
- Aprepitant Pellets
- Linaclotide Pellets
- Nitroglycerine Sublingual
- Sacubitril Valsartan Pellets
- Sugar Sphere
- Xanomeline + Trosipium Chloride Pellets
- Clopidogrel Pellets
- Sertraline Pellets
- Rosuvastatin Pellets
- Ursodeoxycholic Acid + Sodium Glycyrrhizinate Pellets
- Blended Ferrous Sulphate + Folic Acid Pellets

Delayed Release (DR)

- Omeprazole DR Pellets
- Rabeprazole DR Pellets
- Pantoprazole EC / DR Pellets
- Esomeprazole DR Pellets
- Serratiopeptidase EC Pellets
- Duloxetine DR Pellets
- Naproxen + Esomeprazole DR Pellets
- Pancreatin EC Pellets
- Mesalamine PR Pellets
- Esomeprazole DR Granules
- Lansoprazole DR Pellets
- Dexlansoprazole DR Pellets
- Budesonide EC Pellets

PRODUCT PORTFOLIO

Sustained Release Pellets, Granules & Specialty Drug Delivery Systems.

Sustained / Extended Release

- Domperidone SR Pellets
- Tamsulosin PR Pellets
- Theophylline SR / ER Pellets
- Venlafaxine ER Pellets
- Mesalamine PR Granules
- Metoprolol MUPS
- Mebeverine HCl Pellets
- Levosulpiride SR Pellets
- Itopride SR Pellets
- Indomethacin SR Pellets
- Esomeprazole MUPS
- Diltiazem ER Pellets
- Cyclobenzaprine ER Pellets
- Desvenlafaxine
- Mosapride Citrate SR Pellets
- Nitrofurantoin
- Trimetazidine ER Pellets
- Levomilnacipran ER Pellets

Granules & Specialty

- Aluminium Hydroxide + Magnesium Hydroxide DC Granules
- Olopatadine HCl Taste Masked Granules
- Metformin HCl Granules

Our Capabilities

- Immediate Release Pellets
- Delayed Release Pellets
- Enteric Coated Pellets
- Extended Release Pellets
- MUPS Technology
- Taste Masked Granules
- Ready-to-Fill Granules
- Custom Product Development

WHY CHOOSE SKANTTR?

WHO-GMP Certified

International quality manufacturing facility with advanced pharmaceutical infrastructure.

CDMO Services

From formulation development to commercial manufacturing under one roof.

Advanced Technologies

IR, DR, SR, MUPS, Pellets, Granules & Customized Drug Delivery Systems.

Regulatory Support

Complete technical documentation and global regulatory assistance.

Customized Solutions

Pellets and granules developed according to customer requirements.

Reliable Global Partner

Trusted by pharmaceutical companies worldwide for quality and consistency.
